D Inner ear	felt	2×
E Eye	felt or embroidery	2×

A 1 cm seam allowance is included in piece A. Felt pieces B–E have no seam allowance: felt does not fray.

Felt pieces at full size

Print at 100 % (not "fit to page") and measure the square: exactly 5 × 5 cm.

Order of work

1. Cut 2× A, and B–E from felt.
2. Sew B, C, D and E onto one piece A (the front).
3. Place both A pieces right sides together, stitch all round; leave the gap open.
4. Snip at the arrows, turn and fill with 100–120 g of stuffing.
5. Close the gap with a ladder stitch.
